Columbus, Ohio, May 22.- A sweeping victory for Colonel Roosevelt for the Republican choice for the presidency and choice was the result of the state-wide primary held in Ohio yesterday. President Taft, one of Ohio's "favorite sons," lost in the contest.

With the probabilities that there may

be an increase as the later returns come in, it is estimated that Roosevelt has a plurality of approximately 20,000 over Taft in the contest of popularity as expressed through the selection of delegates to the national convention. On the Democratic side, Harmon is far in the lead of Woodrow Wilson.

While the returns are meagre on the vote for delegates to the Republican national convention, which will name six son received 562 votes and Dr. Shepard delegates-at-large, it is believed that the 532; necessary to elect, 524. Roosevelt forces will dominate; and on the face of the returns up to 7 o'clock though after the result of the 10th and 1 gates to the national convention.
